THE OREGONIAN HOOD TO COAST RELAY RACE RESULTS

The eighth annual Oregonian Hood To Coast Relay is now history. This year's event was by far our smoothest and best organized effort to date. The new course was commented to be a major improvement over the old one in terms of safety, parking and traffic congestion. The new finish area in Seaside was also seen as superior to the previous ones in Pacific City. We actually finished the race on the sand and had a much larger area available for our post-race festivities. We hope this year's race provided you with your greatest Hood To Coast Relay experience ever !

Race applications for the 1990 race on August 24 are going to be mailed to every participant of this year's race in early November. They will not be made available to the general public until January 1. This is our way of guaranteeing that all of you, our loyal supporters over the years, have the first opportunity to remain in the event next year. Because of the 750 team limit and the growing national popularity of the race, we expect the race to fill up soon after the race flyers go out to the general public in January. If you intend to run in the 1990 race, do not procrastinate and pass up this early-bird opportunity to get into it.

The race telephone number has been changed to (503) 292-7702. We wish you great success towards your running goals in 1990. See you in August !
